

STAFF READINESS

Helpful Telemedicine and Consultation Program for Essential Organizations

UHSM is honored and proud to support your essential organization with our telemedicine and employee tracking system. We are doing our small part to help safeguard your organization, so that you can do your part to support our communities in need, through COVID and beyond.

Medical Services

- Telehealth consultation and administration for all employees and their families
- General, non-emergency Telehealth support for all employees including Rx & lab orders

Medical Compliance

- HIPAA-compliant patient/doctor system and medical records keeping, including alerts and escalation
- *Optional* daily temperature-check protocols and medical logging (*determined per organization*)

Medical Consulting

- Facilities, HR and communication consulting on infectious disease, sterilization and staff care options
- Monthly on-call retainer of medical expert guidance, including up to weekly call as needed

Overview

UHSM Telehealth by HEALTHRIVE is a virtual clinic that you can access from your home or office. Our providers are Board Certified Physicians, Physician Assistants, and Nurse Practitioners with over 30 years of combined experience. We specifically expanded this program to support essential organizations adapt to new and changing demands, from coronavirus and beyond.

Benefits of UHSM

- ✓ Talk or video chat with a medical provider within 10 minutes
- ✓ No need to travel to a Urgent Care or Doctors Office
- ✓ We treat over 30 medical conditions and provide medication refills
- ✓ We provide doctor's notes, laboratory and radiology orders
- ✓ English and Spanish speaking providers

Treating 30+ conditions

- ✓ Common Cold and Flu
- ✓ Allergies
- ✓ Urinary Tract Infections
- ✓ Bronchitis
- ✓ Strep Throat
- ✓ Medication Refills and More

WE'RE COVID-19 READY

Our Telehealth providers are fully prepared to triage members who present symptoms of Coronavirus, and one of the very few virtual networks in the U.S. that can effectively diagnose COVID-19 and order testing if needed through regional drive-through facilities, or in extreme cases, via in-home administered tests.
